Guests meet the excitement with astonishing reviews. "If you want to feel and remember the freedom of connection you could do little better than The Range...It is a magical place if you allow your guard to drop and embrace the warmth of the food, fire, hosts and guests alike. We did and are a whole lot better for it." - J.K. Trip Advisor

Restaurant

The Range has been recognized by OpenTable Diners as the top restaurant in Dallas and Fort Worth for their steak dinner experiences. Now, the newly added eight-course wood-fired pizza dinners on Friday nights have consistently been sold out since opening.

"Pizza is in our heart and we adore the artisanship in creating it and the playfulness in eating and sharing it with others. The dough is handmade in house, along with the toppings which include house-smoked chicken and brisket," says owner Sarah Beauregard. The dinner guests sit family style down the handcrafted dining tables lit by string lights that glow in the cedar barn. Diners finish the evening with dessert around the social sized fire pit that provides continued connection to other adventurous diners.

Saturday Steak dinners are a finishing touch of the weekend for overnight guests and utilized by Dallas/Fort Worth as a special dining experience. Music fills the air from the 1959 Airstream bar that's stocked with select Texas made liquors, beers, and wine. Custom seasonal cocktails have fan favorites and always go down smooth.

Vintage Trailer Rentals

Since opening in 2020, The Range has added two more Airstream rentals with more on the way to meet the demand. Mostly from the over 200+ "Range Repeaters" who continue to return to The Range throughout the year, some at a monthly rate.

Eight vintage trailers discovered from around the country are perfectly tucked in the trees throughout the property for those wanting to experience nature in a resort setting. With each site spaced 100+ feet away from the closest neighboring guest or friend, guests love the peace and serenity this provides.

The Range offers multiple types of trailers perfect for each guest's preferences, from large queen size beds ready to slip into in custom made Airstreams to authentic 1950-1970s vintage trailers to connect with the past's traveling elite. The goal is anticipating every guest's needs. Inside, guests will find a private restroom and shower, Nespresso machines, duvet, pillows and linens, towels, toiletries, and more. Outside, each site has a raised deck with a handmade table and benches, propane-fueled fire pit paired with two woven chairs, bronze-colored Weber grill with charcoal and starters. At night, guests can choose to lay on their personal hammock underneath string lights or the stars.

Open Sites

The Range's ultimate luxury is space; this was the reason for its creation. Privacy for guests is the paramount feature. There are 13 open sites spaced throughout the 30 acres for guest's personal Airstreams of any year or select vintage trailer models ranging from 1940's-1970's.

Amenities
